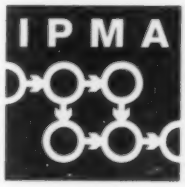
INTERNATIONAL JOURNAL OF
PROJECT MANAGEMENT



Index to Volume 19: 2001

Author

Abbasi, G Y and Mukattash, A M Crashing PERT networks using mathematical programming 181
Abeyasinghe, M Chelaka L, Greenwood, David J and Johansen, D Eric An efficient method for scheduling construction projects with resource constraints 29
Akalu, Mehari Mekonnen Re-examining project appraisal and control: developing a focus on wealth creation 375
Al-Harbi, Kamal M Al-Subhi Application of the AHP in project management 19
Al-Sedairy, Salman T A change management model for Saudi construction industry 161
Al-Shahri, Mohammed see Assaf, Sadi A
Aleshin, Artem Risk management of international projects in Russia 207
Andersen, Bjørn see Hobbs, Brian
Anumba, Chimay J see Kamara, John M
Archer, Richard see Baccarini, David
Arditi, David, Tokdemir, Onut Behzat and Suh, Kangsuk Effect of learning on line-of-balance scheduling 265
Artto, Karlos A, Lehtonen, Juha-Matti and Saranen, Juha Managing projects front-end: incorporating a strategic early view to project management with simulation 255
Assaf, Sadi A, Bubshait, Abdulazoz A, Atiyah, Sulaiman and Al-Shahri, Mohammed The management of construction company overhead costs 295
Atiyah, Sulaiman see Assaf, Sadi A
Baccarini, David and Archer, Richard The risk ranking of projects: a methodology 139
Badri, Masood A, Davis, Donald and Davis, Donna A comprehensive 0–1 goal programming model for project selection 243
Berg, Daniel see Lin, Bau-Wen
Bubshait, Abdulazoz A see Assaf, Sadi A
Cagno, E, Caron, F and Perego, A Multi-criteria assessment of the probability of winning in the competitive bidding process 313
Callahan, John and Moretton, Brian Reducing software product development time 59
Caron, F see Cagno, E
Chan, A T S see Chan, E H W
Chan, Albert P C Time–cost relationship of public sector projects in Malaysia 223
Chan, E H W, Chan, M W and Chan, A T S Disintegrating professional boundaries: a case with the building professions in Hong Kong 127
Chan, M W see Chan, E H W
Chapman, R J The controlling influences on effective risk identification and assessment for construction design management 147
Chen, An-Ting see Leu, Sou-Sen
Cheng, E W L see Li, H
Cheung, S O, Ng, S Thomas, Lam, K C and Yue, W M A satisfying leadership behaviour model for design consultants 421
Davis, Donald see Badri, Masood A
Davis, Donna see Badri, Masood A
De, P K Project termination practices in Indian industry: a statistical review 119
El-Sabaa, S The skills and career path of an effective project manager 1
Eloranta, Eero see Nikander, Ilmari O
Evbuomwan, Nosa F O see Kamara, John M
Floricel, Serghei and Miller, Roger Strategizing for anticipated risks and turbulence in large-scale engineering projects 445
Globerson, Shlomo and Korman, Abe The use of just-in-time training in a project environment 279
Gray, R J Organisational climate and project success 103
Greenwood, David J see Abeyasinghe, M Chelaka L
Hardie, Neil The prediction and control of project duration: a recursive model 401
Hobbs, Brian and Andersen, Bjørn Different alliance relationships for project design and execution 465
Hu, Tiesong see Lam, K C
Irani, Z see Li, H
Jaafari, Ali Management of risks, uncertainties and opportunities on projects: time for a fundamental shift 89
Johansen, D Eric see Abeyasinghe, M Chelaka L
Kamara, John M, Anumba, Chimay J and Evbuomwan, Nosa F O Assessing the suitability of current briefing practices in construction within a concurrent engineering framework 337
Kartam, Nabil A and Kartam, Saied A Risk and its management in the Kuwaiti construction industry: a contractors' perspective 325
Kartam, Saied A see Kartam, Nabil A
Kim, Soung Hie see Lee, Jin Woo
Korman, Abe see Globerson, Shlomo
Kuchta, Dorota Use of fuzzy numbers in project risk (criticality) assessment 305
Kumaraswamy, M M and Zhang, X Q Governmental role in BOT-led infrastructure development 195
Lam, K C see Cheung, S O
Lam, K C, Lee, Donald and Hu, Tiesong Understanding the effect of learning–forgetting phenomenon to duration of projects construction 411
Lampel, Joseph The core competencies of effective project execution: the challenge of diversity 471
Lampel, Joseph Towards a holistic approach to strategic project management 433
Lee, Donald see Lam, K C
Lee, Jin Woo and Kim, Soung Hie An integrated approach for independent information system project selection 111
Lehtonen, Juha-Matti see Artto, Karlos A
Lessard, Donald see Miller, Roger
Leu, Sou Sen, Chen, An-Ting and Yang, Chung-Huei A GA-based fuzzy optimal model for construction time–cost trade-off 47
Li, H, Cheng, E W L, Love, P E D and Irani, Z Co-operative benchmarking: a tool for partnering excellence in construction 171
Lin, Bau-Wen and Berg, Daniel Effects of cultural difference on technology transfer projects: an empirical study of Taiwanese manufacturing companies 287
Love, P E D see Li, H
McCowan, Alison K see Mohamed, Sherif
Michael, E see Raz, T
Miller, Roger see Floricel, Serghei
Miller, Roger and Lessard, Donald Understanding and managing risks in large engineering projects 437
Mohamed, Sherif and McCowan, Alison K Modelling project investment decisions under uncertainty using possibility theory 231
Moretton, Brian see Callahan, John
Mukattash, A M see Abbasi, G Y
Ng, S Thomas see Cheung, S O
Nikander, Ilmari O and Eloranta, Eero Project management by early warnings 385
Pender, Steven Managing incomplete knowledge: Why risk management is not sufficient 79
Perego, A see Cagno, E
Raz, T and Michael, E Use and benefits of tools for project risk management 9
Roberts, Paul see Tennant, Charles
Saranen, Juha see Artto, Karlos A
Simister, Stephen J see Turner, J Rodney
Steyn, Herman An investigation into the fundamentals of critical chain project scheduling 363
Suh, Kangsuk see Arditi, David
Tennant, Charles and Roberts, Paul A faster way to create better quality products 353
Thiry, Michel Sensemaking in value management practice 71
Tokdemir, Onut Behzat see Arditi, David
Turner, J Rodney and Simister, Stephen J Project contract management and a theory of organization 457

Title

A change management model for Saudi construction industry **Salman T Al-Sedairy** 161
A comprehensive 0–1 goal programming model for project selection **Masood A Badri, Donald Davis and Donna Davis** 243
A faster way to create better quality products **Charles Tennant and Paul Roberts** 353
A GA-based fuzzy optimal model for construction time–cost trade-off **Sou Sen Leu, An-Ting Chen and Chung-Huei Yang** 47
A satisfying leadership behaviour model for design consultants **S O Cheung, S Thomas Ng, K C Lam and W M Yue** 421
An efficient method for scheduling construction projects with resource constraints **M Chelaka L Abeyasinghe, David J Greenwood and D Eric Johansen** 29
An integrated approach for independent information system project selection **Jin Woo Lee and Soung Hie Kim** 111
An investigation into the fundamentals of critical chain project scheduling **Herman Steyn** 363
Application of the AHP in project management **Kamal M Al-Subhi Al-Harbi** 19
Assessing the suitability of current briefing practices in construction within a concurrent engineering framework **John M Kamara, Chimay J Anumba and Nosa F O Evbuomwan** 337
Co-operative benchmarking: a tool for partnering excellence in construction **H Li, E W L Cheng, P E D Love and Z Irani** 171
Crashing PERT networks using mathematical programming **G Y Abbasi and A M Mukattash** 181
Different alliance relationships for project design and execution **Brian Hobbs and Bjorn Andersen** 465
Disintegrating professional boundaries: a case with the building professions in Hong Kong **E H W Chan, M W Chan and A T S Chan** 127
Effect of learning on line-of-balance scheduling **David Arditi, Onut Behzat Tokdemir and Kangsuk Suh** 265
Effects of cultural difference on technology transfer projects: an empirical study of Taiwanese manufacturing companies **Bau-Wen Lin and Daniel Berg** 287
Governmental role in BOT-led infrastructure development **M M Kumaraswamy and X Q Zhang** 195
Management of risks, uncertainties and opportunities on projects: time for a fundamental shift **Ali Jaafari** 89
Managing incomplete knowledge: Why risk management is not sufficient **Steven Pender** 79
Managing projects front-end: incorporating a strategic early view to project management with simulation **Karlos A Artto, Juha-Matti Lehtonen and Juha Saranen** 255
Modelling project investment decisions under uncertainty using possibility theory **Sherif Mohamed and Alison K McCowan** 231
Multi-criteria assessment of the probability of winning in the competitive bidding process **E Cagno, F Caron and A Perego** 313
Organisational climate and project success **R J Gray** 103
Project contract management and a theory of organization **J Rodney Turner and Stephen J Simister** 457
Project management by early warnings **Ilmari O Nikander and Eero Eloranta** 385
Project termination practices in Indian industry: a statistical review **P K De** 119
Re-examining project appraisal and control: developing a focus on wealth creation **Mehari Mekonnen Akalu** 375
Reducing software product development time **John Callahan and Brian Moretton** 59
Risk and its management in the Kuwaiti construction industry: a contractors' perspective **Nabil A Kartam and Saied A Kartam** 325
Risk management of international projects in Russia **Artem Aleshin** 207
Sensemaking in value management practice **Michel Thiry** 71
Strategizing for anticipated risks and turbulence in large-scale engineering projects **Serghei Floricel and Roger Miller** 445
The controlling influences on effective risk identification and assessment for construction design management **R J Chapman** 147
The core competencies of effective project execution: the challenge of diversity **Joseph Lampel** 471
The management of construction company overhead costs **Sadi A Assaf, Abdulazoz A Bubshait, Sulaiman Atiyah and Mohammed Al-Shahri** 295
The prediction and control of project duration: a recursive model **Neil Hardie** 401
The risk ranking of projects: a methodology **David Baccarini and Richard Archer** 139
The skills and career path of an effective project manager **S El-Sabaa** 1
The use of just-in-time training in a project environment **Shlomo Globerson and Abe Korman** 279
Time–cost relationship of public sector projects in Malaysia **Albert P C Chan** 223
Towards a holistic approach to strategic project management **Joseph Lampel** 433
Understanding and managing risks in large engineering projects **Roger Miller and Donald Lessard** 437
Understanding the effect of learning–forgetting phenomenon to duration of projects construction **K C Lam, Donald Lee and Tiesong Hu** 411
Use and benefits of tools for project risk management **T Raz and E Michael** 9
Use of fuzzy numbers in project risk (criticality) assessment **Dorota Kuchta** 305

Book Reviews

A Project-by-Project Approach to Quality **Richard Capper** (Dennis Lock) 311
Benchmarking **Sylvia Codling** (Dennis Lock) 253
Construction Project Teams Making Them Work Profitably **Tim Cornick & James Mather** (John F Woodward) 312
Contracting for business success **Andrew Cox and Ian Thompson** (Steve Simister) 371
Don't Park Your Brain Outside **Francis T Hartman** (Dennis Lock) 486
Driving Change: How the Best Companies are preparing for the 21st Century **Jerry Yoram Wind & Jeremy Main** (David Partington) 189
Financial Protection in the UK Building Industry **Will Hughes, Patricia Hillebrandt & John A Murdoch** (John F Woodward) 191
Global Project Business and the Dynamics of Change **K Artto, R Heinonen, M Arenius, V Kovanen & T Nyberg** (J L Kano) 373
Integrated Inventory Mangement **Paul Bernard** (Franco Caron) 485
On the Frontiers of Management **Rosabeth Moss Kanter** (Anne Keegan) 372
Privatized infrastructure: the role of government **A J Smith & Thomas Telford** (N J Smith) 137
Procurement Systems—A guide to Best Practice in Construction **edited by Steve Rowlinson & Peter McDermott** (John F Woodward) 432
Product Leadership **Robert G Cooper** (Janice Light) 431
Project Management for the Process Industries **Gillian Lawson, Stephen Wearne & Peter Iles-Smith** (Garth G F Ward) 489
Proven Management Models **Sue Harding & Trevor Long** (R G Saunders) 138
Stop IT project failures through risk management **Dan Remenyi** (John Wateridge) 192
Successful Project Management **Milton Rosenau** (J Wateridge) 191
Towards the Virtual Organisation **Richard Hale & Peter Whitlam** (M Tampoe) 190
